

STATE OF CALIFORNIA
ENVIRONMENTAL PROTECTION AGENCY
DEPARTMENT OF TOXIC SUBSTANCES CONTROL

In the Matter of:

DeMenno-Kerdoon
2000 N. Alameda Street
Compton, California 90222
ID No.: CAT 080 013 352

Respondent.

Docket HWCA 01/02-3038

CONSENT ORDER

Health and Safety Code
Section 25187

The State Department of Toxic Substances Control (Department) and DeMenno-Kerdoon (Respondent) enter into this Consent Order (Order) and agree as follows:

1. Respondent handles, treats, stores, and transfers hazardous waste at 2000 N. Alameda Street, Compton, California 90222 (Facility).

2. The Department inspected the Site on June 12th, 13th, 17th, 18th, and 20th, and July 9th, 11th, and 16th of 2002.

3. The Department alleges the following violations:

3.1.1 The Respondent violated Health and Safety Code section 25202, subdivision (a) in that on or about June 12, 2002, Respondent stored drums of hazardous waste at unauthorized locations within the Facility. To wit: Respondent stored drums of hazardous waste outside of the designated drum storage area, and east of Tank 55001.

3.1.2. The Respondent violated Health and Safety Code section 25202, subdivision (a) in that on or about June 12, 2002, Respondent accepted hazardous

waste not authorized by its Permit. To wit: Respondent accepted three (3) bulk loads of used oil that contained above 1,000 ppm total halogens from an off-site transfer facility without adequately rebutting the presumption that used oil is a RCRA waste.

3.1.3. The Respondent violated Health and Safety Code section 25202, subdivision (a) in that Respondent treated waste antifreeze in one of the oily water tanks (Tank 1109), which is not a permitted unit to accept waste antifreeze, thus mixing waste antifreeze and oily water.

3.2. Respondent violated California Code of Regulations, title 22, sections 66264.71(a)(1) & (3) in that on or about June 12, 2002, Respondent failed to sign and date each copy of the manifest to certify that the hazardous waste covered by the manifest was received. Additionally, Respondent failed to immediately give the transporter at least one copy of the signed manifests.

3.3. Respondent violated the California Code of Regulations, title 22, sections 66264.73, subsection (b)(3) and 66279.91, subsection (a) in that, on or about June 12, 2002, Respondent failed to record results of waste analysis and waste determination performed on used oil received at the facility. In addition, Respondent failed to accurately record the data from laboratory analyses in its receiving tanks. To wit: Respondent failed to record halogen test results on receiving tickets where generators provided documents for rebutting the presumption that used oil has been mixed with hazardous waste (>1,000 ppm halogens). Respondent also failed to accurately record on receiving tickets the result of the Chlor-D-Tect test obtained from its laboratory.

4. A dispute exists regarding the alleged violations.

5. The parties wish to avoid the expense of litigation and to ensure prompt compliance.

6. Jurisdiction exists pursuant to Health and Safety Code section 25187.

7. Respondent waives any right to a hearing in this matter.

8. This Consent Order shall constitute full settlement of the violations alleged above, but does not limit the Department from taking appropriate enforcement action concerning other violations.

SCHEDULE FOR COMPLIANCE

9. Respondent shall comply with the following:

9.1.1. Effective immediately Respondent shall store drummed hazardous waste in the drum storage area as specified in the Permit, or approved modification thereof.

9.1.2. Effective immediately, upon determining that incoming (manifested to Respondent) used oil contains more than 1,000 ppm total halogens, Respondent shall:

(a) Reject the used oil load; or

(b) Rebut the presumption that the used oil containing more than 1,000 ppm total halogens is presumed to be a RCRA hazardous waste, as provided in California Code of Regulations, title 22, section 66279.10. If "other means" is employed, as stated under that section, Respondent must demonstrate that the test results for each load contributing to the received load is below 1,000 ppm total halogen and/or rebutted.

9.1.3. Effective immediately Respondent shall not treat waste antifreeze in an unauthorized tank, including Tank 1109.

9.2. Submittals: All submittals from Respondent pursuant to this Consent Order shall be sent simultaneously to:

Roberto Kou, Unit Chief
Statewide Compliance Division
Department of Toxic Substances Control
1011 North Grandview Avenue
Glendale, California 91201

9.3. Communications: All approvals and decisions of the Department made regarding such submittals and notifications shall be communicated to Respondent in writing by a Branch Chief, Department of Toxic Substances Control, or his/her designee. No informal advice, guidance, suggestions, or comments by the Department regarding reports, plans, specifications, schedules, or any other writings by Respondent shall be construed to relieve Respondent of its obligation to obtain such formal approvals as may be required.

9.4. Department Review and Approval: If the Department determines that any report, plan, schedule, or other document submitted for approval pursuant to this Consent Order fails to comply with the Order or fails to protect public health or safety or the environment, the Department may return the document to Respondent with recommended changes and a date by which Respondent must submit to the Department a revised document incorporating the recommended changes.

9.5. Compliance with Applicable Laws: Respondent shall carry out this Order in compliance with all local, State, and federal requirements, including but not limited to requirements to obtain permits and to assure worker safety.

9.6. Endangerment during Implementation: In the event that the Department determines that any circumstances or activity (whether or not pursued in compliance with this Consent Order) are creating an imminent or substantial endangerment to the health or welfare of people on the site or in the surrounding area or to the environment, the Department may order Respondent to stop further implementation for such period of time as needed to abate the endangerment. Any deadline in this Consent Order directly affected by a Stop Work Order under this section shall be extended for the term of such Stop Work Order.

9.7. Liability: Nothing in this Consent Order shall constitute or be construed as a satisfaction or release from liability for any conditions or claims arising as a result of past, current, or future operations of Respondent, except as provided in

this Consent Order. Notwithstanding compliance with the terms of this Consent Order, Respondent may be required to take further actions as are necessary to protect public health or welfare or the environment.

9.8. Site Access: Access to the Site shall be provided at all reasonable times to employees, contractors, and consultants of the Department, and any agency having jurisdiction. Nothing in this Consent Order is intended to limit in any way the right of entry or inspection that any agency may otherwise have by operation of any law. The Department and its authorized representatives may enter and move freely about all property at the Site at all reasonable times for purposes including but not limited to: inspecting records, operating logs, and contracts relating to the Site; reviewing the progress of Respondent in carrying out the terms of this Consent Order; and conducting such tests as the Department may deem necessary. Respondent shall permit such persons to inspect and copy all records, documents, and other writings, including all sampling and monitoring data, in any way pertaining to work undertaken pursuant to this Consent Order.

9.9. Sampling, Data, and Document Availability: Respondent shall permit the Department and its authorized representatives to inspect and copy all sampling, testing, monitoring, and other data generated by Respondent or on Respondent's behalf in any way pertaining to work undertaken pursuant to this Consent Order. Respondent shall allow the Department and its authorized representatives to take duplicates of any samples collected by Respondent pursuant to this Consent Order. Respondent shall maintain a central depository of the data, reports, and other documents prepared pursuant to this Consent Order. All such data, reports, and other documents shall be preserved by Respondent for a minimum of six years after the conclusion of all activities under this Consent Order. If the Department requests that some or all of these documents be preserved for a longer period of time, Respondent shall either comply with that request, deliver the documents to the Department, or permit the Department to

copy the documents prior to destruction. Respondent shall notify the Department in writing at least six months prior to destroying any documents prepared pursuant to this Consent Order.

9.10. Government Liabilities: The State of California shall not be liable for injuries or damages to persons or property resulting from acts or omissions by Respondent or related parties specified in paragraph 11.3, in carrying out activities pursuant to this Consent Order, nor shall the State of California be held as a party to any contract entered into by Respondent or its agents in carrying out activities pursuant to this Consent Order.

9.11. Incorporation of Plans and Reports: All plans, schedules, and reports that require Department approval and are submitted by Respondent pursuant to this Consent Order are incorporated in this Consent Order upon approval by the Department.

9.12. Extension Requests: If Respondent is unable to perform any activity or submit any document within the time required under this Consent Order, the Respondent may, prior to expiration of the time, request an extension of time in writing. The extension request shall include a justification for the delay.

9.13. Extension Approvals: If the Department determines that good cause exists for an extension, it will grant the request and specify in writing a new compliance schedule.

PAYMENTS

10. Within 30 days of the effective date of this Consent Order, Respondent shall pay the Department a total of \$13,500 of which \$9,500 is a penalty and \$4,000 is reimbursement of the Department's costs. Respondent's check shall be

made payable to Department of Toxic Substances Control, and shall be delivered together with the attached Payment Voucher to:

Department of Toxic Substances Control
Accounting Office
1001 I Street, 21st floor
P. O. Box 806
Sacramento, California 95812-0806

A photocopy of the check shall be sent:

To: Roberto Kou, Unit Chief
Statewide Compliance Division
Department of Toxic Substances Control
1011 North Grandview Avenue
Glendale, California 91201

To: Debra Schwartz, Staff Counsel
Office of Legal Counsel and Investigations
Department of Toxic Substances Control
1011 North Grandview Avenue
Glendale, California 91201

If Respondent fails to make payment as provided above, Respondent agrees to pay interest at the rate established pursuant to Health and Safety Code section 25360.1 and to pay all costs incurred by the Department in pursuing collection including attorney's fees.

OTHER PROVISIONS

11.1. Additional Enforcement Actions: By agreeing to this Consent Order, the Department does not waive the right to take further enforcement actions, except to the extent provided in this Consent Order.

11.2. Penalties for Noncompliance: Failure to comply with the terms of this Consent Order may subject Respondent to civil penalties and/or punitive damages for any costs incurred by the Department or other government agencies as a result of

such failure, as provided by Health and Safety Code section 25188 and other applicable provisions of law.

11.3. Parties Bound: This Consent Order shall apply to and be binding upon Respondent and its officers, directors, agents, receivers, trustees, employees, contractors, consultants, successors, and assignees, including but not limited to individuals, partners, and subsidiary and parent corporations, and upon the Department and any successor agency that may have responsibility for and jurisdiction over the subject matter of this Consent Order.

11.4. Effective Date: The effective date of this Consent Order is the date it is signed by the Department.

11.5. Integration: This agreement constitutes the entire agreement between the parties and may not be amended, supplemented, or modified, except as provided in this agreement.

11.6. Compliance with Waste Discharge Requirements: Respondent shall comply with all applicable waste discharge requirements issued by the State Water Resources Control Board or a California regional water quality control board.

Notices under this paragraph are subject to paragraph 9.2.
